about the harvest: Grapes from selected vineyard blocks were handharvested at 25.8 Balling, genlty crushed, de-stemmed and berry sorted. A day of cold soaking preceded temperature-controlled fermentation in stainless steel tanks and open-top French oak vats. 100% of the wine underwent malolactic fermentation in barrel, and all of the wine matured in French oak for 14 months. Careful barrel selection was made to ensure that only the best barrels wen into the blend.
