Golden Kaan Cabernet Sauvignon 2011

The wine has upfront fresh blackberry, cassis and cherry fruit on the nose. The palate is juicy, soft and concentrated with fruit flavour and soft oak nuances. A medium-bodied wine, it has good structure and a lingering, fruity finish.

Enjoy on its own, with beef casseroles or venison.

in the vineyard : About The Area
South Africa's vineyards are mostly situated in the Western Cape near the coast. This is the southernmost region of the African continent, and has a Mediterranean type climate and diverse soils perfectly suited to quality grape production.

Vintage Conditions
The 2011 harvest in the Western Cape was warmer and dryer than normal, resulting in lower yields, smaller bunches and consequently riper flavours. These seasonal conditions produced sound, fully ripe and healthy grapes, with resultant wines rich, soft and generous in flavour.

in the cellar : Maturation: 2 - 4 months maturation
