2022 Top 10 Producer Award - Gold
2022 Ultra Value Wine Awards - Gold

ageing :

1 - 2 years

in the vineyard :
Fruit was harvested from 35 specially selected grape growers in the Robertson Valley. Vines are grown in deep cool alluvial soil that is rich in lime. The average annual rainfall of 280 mm is supplemented by controlled drip irrigation from the Breede River.

about the harvest:
The wine was harvested at optimum flavour from a selection of vineyards.

in the cellar :
Keeping the fruit separate throughout fermentation, wines were produced with varying flavours and palate weight allowing a diverse choice when it came to blending. The wine was made reductively to prevent any oxidation and to ensure that natural flavours of the grapes could be retained.
