Waterford Pecan Stream Sauvignon Blanc 2026

This Sauvignon blanc showcases the characteristic tropical fruit character on the nose, featuring passion fruit, granadilla and green apple. The palate is refreshing yet round, with tropical fruits following from the nose, complemented by a mineral edge, making the wine ideal to pair with a variety of dishes. With a softer acidity and textured palate, pairings can vary from seafood dishes to creamy goat cheese and even dishes where tropical fruit is the main component. Its lingering mineral finish enhances the overall dining experience, leaving a lasting impression.

The Pecan Stream Sauvignon blanc exhibits a delightful tropical fruit character complemented by a refreshing minerality, rendering it an ideal companion for a diverse range of dishes. With its softer acidity and rounded palate, this wine offers remarkable versatility in pairings, from vibrant seafood salads to creamy goat cheese and tropical fruit-infused dishes.

At Waterford Estate, we embrace the harmonious collaboration between nature and the delicate balance of artistry and science to create truly authentic fine wines. Our wines embody a profound sense of place, culture, and an unwavering dedication to excellence. With a deep-rooted belief in transcending boundaries, we craft wines that offer a sensory journey, capturing the true essence of the Helderberg Mountain's terroir

in the vineyard : Mainly sourced from the Elgin region, with a small percentage sourced from the slightly warmer Paarl region.

Total rainfall for the season (mm): 935.45

Average Winter Temp. (°C): 14.11

Average Summer Temp. (°C): 21.9

The growing season was one of the warmest and wettest of the past five years, with warmer temperatures and well-timed rainfall supporting healthy vine growth, leading to earlier ripening. A drier winter meant careful irrigation management ensuring the vineyards remained in excellent condition, delivering a strong harvest for 2026

about the harvest: Bunches are hand-harvested.

in the cellar : At the cellar, the bunches are destemmed and pressed into a settling tank overnight. The clear juice is racked off the following day to the fermentation tank, where it cold ferments for approximately 26 days. After fermentation, the wine is racked off the lees to preserve the fruit profile of the wine.

Maturation: 100% stainless steel vessels, aged for 2 months on the fine lees before racking.
