Leopard's Leap gives wine lovers a delightful alternative for adding quality to life during those occasions or in those moments where alcohol
can or should not be consumed. Crisp and refreshing with tropical fruit flavours and an integrated palate.

about the harvest: Sourced from cool climates, the grapes for Natura products are harvested at the optimum ripeness to ensure the finest varietal characteristics.

in the cellar : Production is gentle with the minimum intervention approach. Once winemaker is satisfied with the quality, the alcohol is carefully removed through drum distillation under vacuum and at low temperatures - a process that preserves the products natural character and unique appeal. Natura Sparkling is bottled under pressure with just the perfect balance of carbon dioxide, creating a fine, elegant bubble for a refreshing sparkling experience.
