

BC Wines Chenin Blanc 2005

A light and fruity wine for any occasion. Brandvlei Winery uses a selection program to identify, manage and harvest the best of the Chenin blanc vineyards. This result in vineyard wines harvested and fermented on their own. The end product is wines of high quality and lots of fruity bouquets. It is especially the guava flavour that becomes prominent in these selected wines. Chenin blanc is the main cultivar produced at the winery and more than 40 % of these are managed as selection blocks. This is an exciting program and most of these wines are earmarked for export.
