ageing : Ready for immediate enjoyment but will mature well for up to 3 years.

in the vineyard : Climate: Mediterranean climate with moderate summers and wet winters. Rainfall of approximately 600 mm of rain annually.

Soil: Gravelly, well-drained soils, as well as Table Mountain sandstone.

about the harvest: Grapes were harvested at an optimum ripeness of 24Â° Balling.

in the cellar : The grapes were then inoculated with a pure yeast strain and fermented on the skins until dry. After alcoholic fermentation was completed, malolactic fermentation took place before the wine was matured in oak barrels. The wine was then blended and bottled.
