

Mount Rozier Sauvignon Blanc

variety : Sauvignon Blanc | 100% Sauvignon Blanc

winery : Mount Rozier Wines

winemaker : Jaco Mouton

wine of origin : Coastal

analysis :

type : White

pack : Bottle **closure :** Cork

in the vineyard : Situated on the northern most point of our boundary the Michael Sauvignon Blanc vineyard typifies our approach in treating each of our vineyards as individuals.

The steep 20m inclination is further embellished by significant undulations whilst a south easterly ocean breeze comes directly into the vineyard and provides a welcome, natural freshness.

Such are the unique variations within this plot we have sub-divided it into quarters. Planning its management programme to create and provide the widest possible palette from which to define the final distinctive character.

Size: 1.50 hectares

Planted: 199

Aspect: South-East

Altitude: 220m - 240m (Above sea level)

Soil Type: Oakleaf

Climate: Coastal/Cool Maritime

Planting Density: 3,000 per Ha
