in the vineyard :

The vineyards (viticulturist: Bennie Liebenberg)
Grapes were sourced from a selection of the Capeâ€™s top vineyards in Stellenbosch, Paarl, Wellington and Robertson, harvested at a low Balling to ensure a low alcohol and fruit-driven character.

about the harvest:

The winemaking (winemaker: Michael Bucholz)
The grapes were harvested by hand during February and March at 22Â° - 24Â° balling.

in the cellar :

The muscat was fermented at low temperatures to retain fruit flavours. After three daysâ€™ maceration helped to preserve flavour while giving intensity of colour to the wine. After pressing the low sugar fermentation was completed, the Muscat was fermented cold in stainless steel tank.
