

BC Wines Chenin Blanc 2006

A light and fruity wine for any occasion. Brandvlei Winery uses a selection program to identify, manage and harvest the best of the Chenin Blanc vineyards. The result in vineyard wines harvested and fermented on their own. The end product is wines of high quality and lots of fruity bouquets. It is especially the guava flavour that becomes prominent in the selected wines. Chenin Blanc is the main cultivar produced at the winery and more that 40 % of these are managed as selection blocks. This is a exciting program and most of these wines are earmarked for exports
