**about the harvest:** The grapes are hand-harvested at optimal ripeness.  
Yield: 8 tons per ha.

**in the cellar :** They are then destalked, crushed and fermented for 3 days on the skins in open fermenting tanks. The average fermentation temperature is 32°C. After fermentation the skins are pressed in traditional basket presses. The free run and pressed juices are combined and malolactic fermentation spontaneously takes place in the tank. Now the wine is racked and 60% Cabernet Sauvignon, 25% Pinotage and 15% Merlot is blended. The wine spent 11 months in 225 litre French oak barrels and fined before bottling.
