in the vineyard : Pinot Grigio is best suited to cool mountain slopes. In order to achieve the classic Pinot Grigio characteristics we source grapes from many small blocks that have micro-climates that are perfectly suited to the variety. The majority of the grapes come from the Stellenbosch region for this vintage however more grapes normally come from Lâ€™Ormarins.

in the cellar : Produced from handpicked grapes and pressed immediately to avoid any colour extraction from the blue/grey grape. A slow fermentation proceeds, to allow time for the true potential of the Pinot Grigio grape to be unveiled.
