

Weltevrede Travelling Stone Sauvignon Blanc 2007

4 stars John Platter Guide 2007

Round quartzite and sandstone boulders form the terroir where this vineyard is located. It arrived here over many years rolling from the mountain slopes around the valley. An individualistic Sauvignon blanc, which becomes rich and rounded with bottle age. Herbaceous flavours of asparagus and fig leaves and creamy richness on the palate make this an exceptional food Sauvignon blanc.

variety : Sauvignon Blanc | 100% Sauvignon Blanc
