

Danie de Wet Misty River Chardonnay 2005

This is a multi-dimensional wine distinguished by remarkable complexity of flavours derived from the fine quality of grapes and good wood. It's rich, yeasty-nutty flavours make this wine an ideal accompaniment to gourmet fare.

2007 International Wine Challenge - Commended

ageing : 4 - 8 years

in the vineyard : Danie de Wet present owner and winemaker of De Wetshof Estate, studied viticulture and cellar technology at Geisenheim, the famous German wine institute.

Danie pioneered the noble white varieties of Europe in South Africa and today the estate of 200 Hectares specialises in superior white wines exclusively. Thus De Wetshof, the first registered wine estate in the Robertson region, made South Africa's first Chardonnay Superior, Sauvignon Blanc and Rhine Riesling Superior. Today Danie specialises in Chardonnay.

Climate: Summer afternoons are fanned by a cool breeze from the Agulhas Coast. Nights are chilly and mist often shrouds the vineyards until late morning during high summer.

Soils: The gravelly soils are extremely rich in lime with a 7.8 - 8 pH.

Irrigation: The vineyards are scientifically irrigated with the aid of a fully computerised irrigation system. Thanks to the most modern technology, irrigation on De Wetshof has been turned into an asset promoting the quality of the grapes.

Rainfall: Robertson is a winter rainfall area with approximately 300mm per annum.

Pest Control: Due to a very dry climate, spraying is minimal compared to other wine growing regions.

Rootstock: Richter 99, 110 & 101-12

Vines per hectare: 4,000

Trellising style: 6 Wire fence system cordon with spur pruning

Tons per hectare yield: 8

about the harvest: Grapes are picked in the early morning, destalked, crushed and the juice cleaned before fermentation commences.

in the cellar : The wine was barrel fermented, then matured on the lees in French oak for 8 - 10 months.

Winemaking Methods: Danie de Wet adjusts his methods of winemaking from year to year, according to weather conditions and grape quality, in the belief that wine is made in the vineyard and not in the cellar.

Cooper: French oak barrels for De Wetshof are specially selected from specific coopers to enhance the quality of the fruit.
