

## Dornier Pinotage 2006

With its intense, dark, purple, hue this wine offers everything from earthy and mineral-laced aromas to fragrant plum and dark fruit characteristics complemented by hints of licorice and cedar. The palate provides an elegant balance between a fine, yet powerfully styled tannin structure and an opulent fruit core comprising of wild berry and plum characteristic as found on the nose. The finish culminates in a variety of lingering flavours for a long, rich aftertaste.
