type : Rose **style :** Semi Sweet
pack : Bottle **closure :** Cork

in the vineyard : Although the region exhibits a variety of microclimates, all of the growing areas within the appellation have cool night time temperatures that help to keep grape acids intactappellation intact. The combination of soil diversity and variety of microclimates allows the fruit to mature slowly for ideal aroma and flavour complexities in the wine. Each one of the vineyards offer distinctive flavours to the wine and every growing season is unique. Yet, the consistency and quality of the grapes are discernible in every vintage with a spellbinding spectrum of layered flavours

in the cellar : 100% tank fermented.
