### **in the vineyard :**

**Age of vines:** These specially chosen vineyards vary from 6 - 25 years in age.

**Climate:** Cooler slopes influenced by the valley breezes allows a long slow ripening of the grapes giving the wine its fruity and delicate structure.

**Soils:** Specially chosen vineyards are planted on very particular soil types allow for the optimum vine growth, balance and quality.

**Trellis:** Combination of bush vines and trellised.

**Yield:** Between 4 and 12 tons per hectare.

**about the harvest:** These Merlot grapes were harvested ripe (25° B), to give the wine its ripe fruit nose and supple texture.

**in the cellar :** Cold maceration takes place for 24 hours. The juice is then inoculated with specially chosen wine yeast and allowed to ferment. Temperature monitoring combined with the pump-overs and punch-downs are crucial in the making of this quality wine. Maturation is done on French oak for 8 to 12 months, after which the wine is selectively blended and bottled.
