

## Avondale Camissa Syrah 2005

This wine has an intense colour with a complex nose of ripe fruit and spice that is layered with hints of dark chocolate and layered liquorice. All these flavours carry to the palate where the wine shows an unbelievable balance between tannin, fruit and oak. Soft, full and rounded with the taste of pure fruit carries to the end of this lengthy palate.

### THE NAME

Camissa is a Khoi name meaning, 'the place of sweet waters'. These sweet waters feed the roots of our Avondale vines. Pioneering viticulturist, Johnathan Grieve believes in Bio-Logic - restoring soil to its original, vibrant, natural state through a gentle integration of old practices with new science.
