pack : Bottle **closure :** Screwcap

ageing : Cellaring potential: 2 years

in the vineyard : The grapes for this wine come from various farms in the Agter-Paarl. These vineyards are all un-irrigated with very low yields. To make sure we get enough flavour and body we make sure to harvest all our vineyards at optimum ripeness. The most advanced viticultural practices were and still are used in environmental friendly ways to enhance grape quality. Sunny days, cool nights, and cooling sea breezes in the afternoon is very common to this area in the ripening period.
