

## Grande Provence Sauvignon Blanc 2009

---

This is a medium-bodied, well balanced white wine with tropical fruit, green apple, pear and fig followed by touches of green pepper and blackcurrant leaves on the nose. These aromas follow through onto the palate in the form of rich fruit flavours, balanced by a zesty acidity. These two attributes then combine to deliver a fresh, lingering aftertaste.

This wine can be enjoyed on its own or served with seafood, chicken dishes and fruity salads.
