Terra del Capo Sangiovese 2008

Terra Del Capo Sangiovese has a definite hint of smokiness (cherry tobacco) combined with earthy mineral elements and rich fruit flavours such as prunes, apricots and peaches. This wine has an elegant tannin structure that ends softly with a slightly sweet sensation.

in the vineyard : Sangiovese can thrive in a variety of soils but its best results are achieved in friable shaly clay. The clayey soils and breaking down ancient sea bed make Darling ideal for Sangiovese. The area experiences long dry summers but with cool sea breezes that originate from the cool Atlantic Ocean.
