in the vineyard : Description

Spectacular panoramic views of Stellenbosch and Cape Town, cool hillside vineyards planted to classic varieties, and a modern family-run winery have combined to produce distinctive wines displaying the ripe concentrated fruity accessibility of the New World, with the complex elegance of classic wine styles.

Vineyards

Harvested from selected west-facing vineyards overlooking Cape Town and Table Mountain. Vertical hedge trellising and low yields ensure a complex concentration of flavours.

about the harvest: Harvested in March 2006 at between 25.5° - 26° Balling.

in the cellar : Fermentation between 26° - 28° C and gentle pressing retains the intensity of the spicy fruit flavours. Malolactic fermentation was completed in French and American oak barrels where the wine was matured for a total of 16 months.
