about the harvest: • Yield 7 Tons/HA. 48 Hl/Ha.
• Harvested by hand from late February to early March.

in the cellar : The grapes were hand sorted and lightly crushed into stainless steel fermentation tanks, a percentage of Shiraz was fermented with whole bunches. They were given a cold soak for three days before allowing the natural fermentation to start. Three pump overs a day were done on the tanks during fermentation as well as two rack and returns, after which they underwent extended skin contact for 2-3 weeks. The wine was placed in French oak barrels to undergo malolactic fermentation. Matured for 12 months in French oak and rack on average every four months.
