

## Vansha Dry Red 2009

Upfront notes of mulberry and plum evolve to hints of mint and leather. A soft, juicy midpalate is well supported by the firm oak tannin structure and long, mineral finish.

- Merlot 44%

**about the harvest:**

	Merlot (11 February 2009)	Cabernet Sauvignon (18 February 2009)
Sugar	24.8° Balling	24.9° Balling
Acid	5.55g/l	5.25g/l
pH	3.65	3.78

**in the cellar :**

- Both varieties were destemmed only. Merlot and Cabernet Sauvignon were fermented separately in open top stainless steel fermenters.
- Whole berries were fermented at 26° - 28° C with commercial yeast strains suited for the varieties.
- Wines were allowed to ferment to near dryness and removed from skins in order to retain softness and minimise skin tannin extraction.
- Both wines underwent MLF and 10 months of ageing in second and third fill barrels to ensure the accent is on the fruit expression.
- The wine was then blended and lightly filtered shortly before bottling.
