Growing Climate / Vintage Conditions: As the Devon Valley lies less than 20km from the False Bay coast it is greatly affected by the cool southern sea breezes, which prevail in the summer months. Winter brings on the moisture-laden northwestern winds, which result in most of the Valley's 750mm of annual rainfall

about the harvest: **Date of Harvest:** Mid-March to early April

Type of Harvest: Harvested by hand

Method: Grapes were harvested from a single vineyard at 25° Balling.

in the cellar : **Method:** Fermentation took place with pump-overs at regular intervals. Fermented dry before being pressed. Only the free-run juice was used.

Temperature: 25° - 28° Celsius

Length: 10 - 25 Days on skins

Malolactic: Malolactic fermentation was allowed before maturation in new and second fill barrels for 12 months.
