in the vineyard : Grapes are predominantly sourced from Fairtrade vineyards in the Piekenierskloof region. These eighteen year old vineyards are trellised and grow on sandy loam soils. The vineyards are meticulously farmed and yields are managed down to below 6 tons per hectare.

in the cellar : Grapes were handpicked very early in the morning allowing the grapes to retain their fruitiness and flavours. Only the free run juice was settled and inoculated with selected yeast strains, fermenting under controlled conditions at 12 °C. No wood ageing.
