

Boschendal Grande Cuvée Brut 2007

Fresh green fruit with hints of citrus supported by discreet almond biscotti and brioche typical to classic bottle fermented sparkling wine styles. Extended lees contact gives a full and creamy mouthfeel with elegant minerality, good balance and a seamless finish.

Enjoy chilled at any time of the day with good friends and juicy strawberries, or with freshly sucked oysters and good quality smoked salmon. Also delicious with duck liver paté and creamy chicken dishes.

variety : Chardonnay | 54% Chardonnay, 46% Pinot Noir

winery : Boschendal Estate

winemaker : Lizelle Gerber

wine of origin : Franschoek

analysis: alc : 12.5 % vol rs : 8.7 g/l pH : 3.33 ta : 7.4 g/l

type : Sparkling **style :** Off Dry

pack : Bottle **closure :** Cork

John Platter 2010 - 4 stars

Monde Selection Belgium 2010 - Gold

Wineland magazine's Watterwyn 2010 - 4½ star MCC amongst the top performing wines of 2010

in the vineyard : Top quality Méthode Cap Classique can only be made from grapes cultivated in meticulously maintained vineyards. Two weeks prior to harvesting our Pinot Noir and Chardonnay vineyards, the leaves between bunches were removed taking care not to expose any grapes to harsh direct sun. This resulted in better aeration in the bunch zone, whilst ensuring the berries retained their vibrant flavours.

about the harvest: The grapes were hand picked in the cool dawn and placed in small lug boxes to ensure fruit was not damaged during transportation to the cellar.

in the cellar : After harvesting, the grapes were then whole bunch pressed separately. Selected premium quality juice was used, with only the first 500L per ton of grapes extracted for this fine wine.

Vinification

The juice was cold-settled for 48 hours to maintain its bracing complexity, after which the clear juice was racked from the lees and fermented at 16° C. With fermentation complete, the tank was filled and left on the primary lees up until blending to extract additional dimensions in flavour. The premium Pinot Noir and Chardonnay base wines are then selected as components of this harmonious blend with the final base wine stabilized and filtered.

The magic of the MCC bubble transpired during the 2nd fermentation of the wine that occurred in the bottle. The sugar level of the wine was adjusted to 24g/l followed by the addition of the 'liqueur de tirage' (part of the wine blend that contains the yeast needed to activate the 2nd fermentation in the bottle). This resulted in the very fine delicate mousse that our Méthode Cap Classique is so well known for. Extended maturation on the lees for 24 months followed. After 'disgorgement' (removal of the lees) and 'dosage' (addition of base wine and sugar) the final Boschendal Grande

Cuvée Brut was released.
