Vintage Conditions

A cold, wet winter in 2009 allowed for the lovely, even budding of the vineyards during spring, and the warm, sunny days that followed in summer resulted in great flavour and colour development in the berries. Full fruit flavours and soft tannins, together with good aromatics and ideal acidity, made 2010 an excellent vintage. Another great year for Chardonnay!

about the harvest: The grapes for Rustenberg Stellenbosch Chardonnay were selectively hand-harvested between 2February and 4 March 2010, at 22.6 - 24.7 °Balling and total acids of 6.24 - 7.45 g/l.

in the cellar : The grapes were whole-bunch pressed very slow and gently with a Pneumatic Bag Press. After 24 hours cold settling in stainless steel tanks, the juice was drained off into 40% new and 60% 2nd-fill Burgandian Hogsheads (300L barrels) for natural fermentation and maturation. Bi-weekly stirring (Batonnage) was exercised to enhance the extraction of flavour and aromatics, and to aid the process of natural malolactic fermentation. After 12 months, the wine was racked from barrel for stabilization and bottling.
