in the cellar : Suikerbossie is the name of an indigenous fynbos species and also the name to a renowned folk song centring around true love! Fruit for the Suikerbossie red is hand-harvested and vinified to create a fruit-forward, easy drinking, everyday wine. The bouquet is crammed full of raspberry and red fruits, with hints of liquorice and violets, which follow through onto the palate with a savoury and morish finish. The ideal wine for both wine novice and connoisseur alike.
