

Rustenberg Ida's Red 2011

This well-structured red blend reveals red berry fruit aromas and flavours with hints of spices on the palate.

The wine is named after a lady rumoured to have been a particularly close friend of Simon van der Stel, the first Governor of the Cape.

about the harvest: Overall 2011 was a harvest that brought a smile to a weary Viticulturists face!

Although we had a dry winter, there was plenty of water when required in the hot summer months to get the vineyards to mature naturally without undue stress.

At harvest, perfect phenolic ripeness with lovely soft, ripe tannins was achieved. The berries came in at lovely low sugars due to cool conditions at harvest, awesome colour and great quality berries.

Harvested: Mid-February - end March 2011
