Decanter World Wine Awards 2013 - Bronze Medal

**in the vineyard** : Appellation: Simonsberg-Stellenbosch

Service area: Chenin Blanc 9.85 hectares

**Terroir**: The Chenin Blanc vineyard is planted on W-NW facing slopes at 280-300m and N.NW slope at 180 – 205m above sea level. The soil varies from medium to heavy textured, with a moderate stucture and shale mother material. The clay content varies from 10 - 15%.

Vineyard Age: Chenin Blanc 42 years

Density / Block: 3127 vines per hectare

Rootstock: Chenin Blanc : Jacquez and 101.14

Soil-Preparation: Mechanical preparation & adjusting of pH with lime.

**about the harvest**: By hand in picking baskets which get tipped in bins for transport to the cellar.

**in the cellar** : Basic Cellar Procedure: Receiving of grapes during the day. Crushing and de-stemming takes place after which the mash is pumped through the mash cooler directly to the press. Press juice underwent 20 hours cold settling after which halve of the juice was racked to oak barrels and the other halve to stainless steel where fermentation commence. During the period of ripening we harvested the Chenin Blanc block 5 times. The juice that gets racked to the barrel will be allowed to ferment spontaneously.

Press: Bucher Pneumatic press.

Maturation: 10 Months in French oak barrels
