2013 International Wine and Spirit Competition - Silver
Michelangelo International Wine Awards 2011 - Gold Medal

in the vineyard : Background

Tradition and talent blend with passion, precision and patience at Nederburg, where classically structured wines are made with vibrant fruit flavours. Nederburg's hallmark combination of fruit and finesse continues to be rewarded around the world. The Paarl winery has earned five-star ratings for three wines in the 2012 edition of Platter's South African Wine Guide. Three five-star ratings is the highest number achieved by any producer in the new edition of the guide and Nederburg shares this distinction with two other wineries. In 2011, Nederburg was chosen as Platter's Winery of the Year, with an unprecedented five wines across the multi-tiered range earning five-star ratings. The winery brought home six gold and six best-in-class ratings from the 2011 International Wine & Spirit Competition (IWSC) in London and won two double gold and nine gold medals at the 2011 Veritas Awards, South Africa's National Wine Show. Nederburg was also awarded three trophies at the 2012 Decanter World Wine Awards. These are just some of the many accolades earned by Nederburg where hand-crafted, micro-cuvées for specialist winelovers and beautifully balanced and accessible wines for everyday enjoyment are made with equal commitment.

Razvan Macici heads the team as Nederburg cellar master. He is supported by two winemakers who work closely under his direction. They are Wilhelm Pienaar, who produces the red wines and Wim Truter, who makes the whites

The Winemaster's Reserve Collection

Nederburg's core superpremium wines are accommodated in The Winemaster's Reserve ensemble, named to honour the long-established tradition of winemaking excellence. These classic wines treasure the integrity of our grapes in every step of the wine-growing and winemaking journey. Every glass demonstrates an unwavering commitment to world-class vineyard and cellar skills.

Vineyards

The grapes were sourced from vineyards in the Durbanville, Paarl and Darling areas. The vines, ranging in age from 10 to 15 years and situated on mostly south to south-westerly facing slopes, received supplementary drip irrigation. Grafted onto phylloxera-resistant rootstocks Richter 99 and 101, the vines yielded an average of 8 to 10 tons per hectare.

about the harvest: The grapes were harvested by hand between 22° and 24° Balling during February and March.

in the cellar : After settling, the clean juice was racked prior to fermentation and inoculated. Once fermentation was under way, the fermenting juice was transferred to a combination of new and second-fill French oak barrels, where the wine remained on the lees for a period of six months.
