in the vineyard : The grapes for this premium Sauvignon Blanc were all from Vergelegen's own vineyards.

about the harvest: The grapes were hand harvested at peak ripeness over a three week period starting 10th February. Harvesting commenced 2 weeks later than in 2011. The season was quite cool and mild and no weekend harvesting took place!

in the cellar : Grapes were transported to the Vergelegen cellar in wooden bins. After de-stemming and crushing, the grapes were pressed under anaerobic conditions to prevent oxygen pick up and loss of aroma potential. The juice was then settled at low temperatures with the assistance of pectolytic enzymes. Normal sedimentation and flotation were combined which helped to reduce the risk of oxidation. The juice was fermented at 12 - 16 degrees centigrade and fermentation lasted 2 - 3 weeks.
