**in the vineyard :** To obtain a certain style of wine for our new Y-Sauvignon Blanc, we knew where we had to look for the grapes. These grapes were sourced from one of the best Sauvignon Blanc producers in one of the best Sauvignon Blanc regions in the Cape, namely Durbanville.

**about the harvest:** The grapes were picked in the early morning of the 1st of March.

**in the cellar :** After being trucked to Yonder Hill, the winemaking process started. Fermentation took place over a time of 20 days, where after it left on the lees for 5 months before bottling.

Bottled: 8 December 2012
