ageing : To be enjoyed 2 - 3 years after the year of vintage and for up to 7 years thereafter.

in the vineyard : Some of the components are from vineyards planted on deep red shale soils, the others planted on decomposed granite. This gives us a wonderful blend of rich succulent fruit characters and minerality in our wines.

in the cellar : Cold soaking before fermentation for two days followed by fermentation at relatively low temperatures. Punch-downs and pumpovers utilized for colour extraction. 18 months maturation in small French oak barrels.
