type : Rose **style :** Semi Sweet **body :** Medium **taste :** Fruity

pack : Bottle **closure :** Cork

in the vineyard : Background

Tradition and talent blend with passion, precision and patience at Nederburg, where classically structured wines are made with vibrant fruit flavours. Nederburg's hallmark combination of fruit and finesse continues to be rewarded around the world. The Paarl winery has earned five-star ratings for three wines in the 2012 edition of Platter's South African Wine Guide. Three five-star ratings is the highest number achieved by any producer in the new edition of the guide and Nederburg shares this distinction with two other wineries. In 2011, Nederburg was chosen as Platter's Winery of the Year, with an unprecedented five wines across the multi-tiered range earning five-star ratings. The winery brought home six gold and six best-in-class ratings from the 2011 International Wine & Spirit Competition (IWSC) in London and won two double gold and nine gold medals at the 2011 Veritas Awards, South Africa's National Wine Show. Nederburg was also awarded three trophies at the 2012 Decanter World Wine Awards. These are just some of the many accolades earned by Nederburg where hand-crafted, micro-cuvées for specialist winelovers and beautifully balanced and accessible wines for everyday enjoyment are made with equal commitment.

Razvan Macici heads the team as Nederburg cellar master. He is supported by two winemakers who work closely under his direction. They are Wilhelm Pienaar, who produces the red wines and Wim Truter, who makes the whites

Foundation Collection

Our starting point is that fine wines are born in the vineyards. Superior vines, well sited and nurtured to coax the best from them, create the foundation for wines of distinction. Made for everyday enjoyment, they deliver a clear and accessible pleasure of fruit and flavour, backed by more than two centuries of skill, tradition and heritage.

This wine is made from Cabernet Sauvignon, Merlot and Pinotage grapes.

Vineyards

The grapes were sourced from vineyards in Philadelphia, Durbanville and Darling areas. The vines, planted between 1985 and 1995 at altitudes of 50m to 150m above sea level, are grown in decomposed granite on slopes suiting the cultivar. Grafted onto nematode-resistant rootstock Richter 99, R110 and 101-114, the vines received supplementary irrigation.

about the harvest: The grapes were harvested by hand at 19° to 22° Balling in January and February.

in the cellar : The fruit was crushed and allowed 6 hours of skin contact before pressing to extract the maximum colour and aroma. The rosé juice was fermented in stainless steel tanks at 15° C.
