

Two Oceans Sauvignon Blanc 2013

Colour: Brilliant light green tint.

Bouquet: Upfront tropical fruit flavours, gooseberries followed with a hint of green fig.

Taste: An elegant, crisp wine displaying ripe gooseberry flavours on the fore palate backed by tropical fruit and a hint of grassiness that lingers long on the aftertaste.

An ideal sipping wine, it is also excellent served with fish, pasta and poultry dishes.

At the southern tip of Africa, along the brooding, craggy coastline of the southern Cape, two mighty but opposing oceans meet - the one cold, the other, warm. The impact is immense. It affects the climate, the coastline and areas inland, and the influence on the vineyards of the Western Cape is significant.

The Atlantic Ocean that flows along the west coast of Africa is fed by the icy Benguela current from the South Pole. The Indian Ocean is fed by the Agulhas current coming from the tropics. Their connection, amidst crashing waves and soaring spray, creates a unique set of conditions.

Whether along the coast or further inland, the presence of the oceans is never far away. Cooling sea breezes and mists can lower temperatures during the lead-up to the harvest, slowing down ripening. Grapes aren't hurried but develop in their own time with flavours that are balanced, intense and plentiful.

You can taste it in Two Oceans wines: fresh, delicious and full of life.

Two Oceans takes its responsibility to the environment very seriously. All wines are made from IPW-accredited vines, farmed according to eco-sustainable principles. They also carry the fully traceable sustainability seal that guarantees production integrity every step of the way from the vineyards to the final pack, be it bottle or box. Bottled wines are sold exclusively in light-weight, fully recyclable 410 gram bottles, while labels, inks and adhesives are all biodegradable.

This wine is made entirely from Sauvignon Blanc grapes.

The Vineyards

Grapes were sourced from vineyards in the Stellenbosch, Paarl, Robertson and Worcester regions. The vines, between 10 and 18 years of age at the time of harvesting, were grown in soils with excellent drainage, ranging from decomposed granite to deep Clovelly and Hutton. Located some 200m above sea level, the vineyards are trellised while appropriate canopy management and row orientation minimises wind damage.

about the harvest: Grapes were picked on taste upon showing optimum fruit flavours. The grapes were harvested by hand at 20° to 23° Balling during February.

in the cellar : The fruit was crushed and destemmed at the cellar and no skin contact was allowed. The clean juice was fermented cold at 12° to 16° C thereby ensuring

maximum fruit concentration.
