wine of origin : Devon Valley
analysis : alc : 13.59 % vol rs : 2.3 g/l pH : 3.71 ta : 5.5 g/l
type : Red style : Dry body : Medium taste : Mineral wooded
pack : Bottle closure : Cork

in the vineyard : 15.12 ha of the estate has been devoted to Shiraz. The vineyards, planted in 1979, 1990 and in 1998 - at 3704 vines per ha and at an altitude of 160m above sea level - face east. They were grafted onto rootstock type Richter 99 and planted in Hutton and Clovelly soils. The vines are trellised which keeps the grapes cool and healthy.

The rainfall during the winter before the vintage, as well as the growing season (September - December), was slightly above average. The annual rainfall was 820mm for the 2009/2010 season compared to the average annual rainfall of 700mm.

about the harvest: Harvesting took place during March 2010, with the grapes at an average sugar level of 25° Balling. The grapes were handpicked and placed in small baskets to prevent bruising.

in the cellar : In the cellar, the grapes were gently crushed, de-stemmed and transferred to open cement tanks, where they were inoculated with yeast type Oenoferm Rouge and left to ferment on the skins for six days at 26°C. The young wine underwent secondary malolactic fermentation, which was completed in May 2010.

The wine was matured in a combination of new and second fill oak barrels (30% American oak and 70% French Never) for a period of 13 months.

Bottled: March 2012
