in the vineyard : Background

In 1991 we experimented with a Pinotage Cabernet blend for the Cape Winemakers Guild, to show the public a new approach in winemaking. At that time it was in vogue to talk about 'a typical South African blend'. After the success of the 1991 vintage we decided to make this blend as a limited release to the larger public. The wine was named after Frans Malan, the founder of Simonsig and the patriarch of the Malan family.

Vintage Description

The 2010 vintage will be remembered as the smallest vintage in many years. Virtually every force of nature including pests and fungal disease contributed to the smaller yields. Although the 2010 vintage was not a vintage of quantity it most definitely was one of quality and concentrated fruit. Pinotage was one of the cultivars affected by these conditions. Our two top vineyards yielded between 30 and 67% less grapes than the previous year, with crops between 3 and 4 tons per hectare. The silver lining is the excellent quality Pinotage that was made – big with voluptuous fullness on the palate. The Cabernet Sauvignon was picked on the 22nd of March followed by the Merlot on the 23rd. Given the quality of the Pinotage, Cabernet Sauvignon and Merlot, we are satisfied that the full potential of the vintage was captured.

in the cellar : Grape Varieties: Pinotage 75%, Cabernet Sauvignon 19%, Merlot 6%

Wood Maturation: Oaking for 17 months: 65% American White Oak, 35% French Oak.

New Wood 92%, 3rd fill 8%.
