

## Uiterwyk Sauvignon Blanc 2001

The cooler microclimate of Stellenboschkloof adds crisp mouth-watering minerally flavours to the Sauvignon Blanc, ideal for long hot summer lunches.

**variety :** Sauvignon Blanc | Sauvignon Blanc

**winery :** De Waal Wines

**winemaker :** Chris de Waal

**wine of origin :** Stellenbosch

**analysis :** alc : 12.0 % vol    rs : 1.6l g/l    pH : 3.06    ta : 7.2 g/l

Silver at the Michaelangelo Awards, 2001.

Uiterwyk Sauvignon Blanc 2000 was selected by Dutch wine experts as one of their favourite New World wines.

**in the vineyard :** This single vineyard Sauvignon Blanc has the same crisp, steely and grassy character of its Sancerre and New Zealand counterparts. Grown on the cool southern facing slopes of the Estate on high potential Hutton soil. The vineyard produces a low 6 tons per hectare and is picked at 24 Å°B. The wine received 14 days maceration for optimum extract of flavours and colours from the skins and no barrel ageing.
