

Jordan The Outlier Sauvignon Blanc Barrel Fermented 2013

Our endeavor to produce a benchmark Sauvignon Blanc is expressed in this unique wine. Ripe fig, gooseberry and tropical fruit flavours are complemented by the gentle smoky vanilla nuances of oak, a true "outlier".

A wonderful food wine. Pair with barrel-smoked tuna and miso-charred aubergine.

Spectacular panoramic views of Stellenbosch and Cape Town, cool hillside vineyards planted to classic varieties, and a modern family-run winery have combined to produce distinctive wines displaying the ripe concentrated fruity accessibility of the New World, with the complex elegance of classic wine styles.

in the vineyard : The vineyards are situated on a geological outlier – underlying quartzite formations surrounded by 600 million-year old granite. The south-facing vineyards are 10 – 29 years old and between 220m to 365m above sea level.

about the harvest: The grapes were harvested on the 14th of February 2013 at 20.9°B.

in the cellar : The grapes received 6 – 10 hours skin contact before being gently pressed in a "pneumatic" tank press. After inoculation the juice was fermented in 60% new and 40% second-fill barrels (mostly Nevers and Alliers with a 10% American Oak barrel selection to add a spicy character). The wine spent 8 months "sur lie" with occasional "batonage" to accentuate the leesy character. 40% tank-fermented Sauvignon Blanc was added to the blend.
