in the vineyard : Vine age: The grapes are selected from vineyards varying in age from 8 to 25 years.

Climate: 2012 vintage in Franschoek had a long slow ripening period that allowed for great colour and flavour formation.

Soils: The vineyards are planted on very particular soil types to allow for the optimum vine growth balance.

about the harvest: Harvest: Picked by hand through February at an average ripeness of 25° B.

in the cellar :

Each parcel of grapes was cold macerated on the skins for 24 hours before inoculation with selected yeast. Fermentation at controlled temperatures with regular gentle pumpovers and punchdowns followed by 8-12 months maturation on French oak before final blending, stabilisation and bottling.
