type : Red **style :** Dry **body :** Medium **taste :** Fruity

pack : Bottle **size :** 750ml **closure :** Cork

in the vineyard : The grapes for this wine were derived from a four hectare vineyard, planted in 1990 at 3,704 vines per hectare, and at an altitude of 160m above sea level. The vines, planted on a west-facing slope, are trellised in order to keep the grapes cool and healthy.

The rainfall during the winter before the vintage, as well as the growing season (September - December) was less than average. The annual rainfall was 820mm for the 2012/2013 season compared to the long-term annual average of 700mm.

about the harvest: The harvest took place during February 2013. The grapes were picked by hand - at an average sugar level of 26° Balling - and placed in small baskets to prevent bruising.

in the cellar : In the cellar, the juice was given eight days' skin contact in open tanks. It was inoculated with yeast type WE 372 and left to ferment at 24° C. Secondary malolactic fermentation was completed in March 2013. The wine was matured in 70% French oak and 30% American oak for 11 months - 70% was matured in 2nd fill barrels and 30% new oak barrels.
