type : White **style :** Semi Sweet **body :** Medium **taste :** Fragrant
pack : Bottle **size :** 0 **closure :** Cork

ageing : 1 - 2 years

in the vineyard : Vines are grown in deep cool alluvial soil that is rich in lime. The average annual rainfall of 280 mm is supplemented by controlled drip irrigation from the Breede River.

about the harvest: Fruit was harvested very early in the morning from the last week of February to the middle of March from 35 specially selected grape growers in the Robertson Valley.

The wine was harvested at optimum flavour from a selection of vineyards.

in the cellar : Keeping the fruit separate throughout fermentation, wines were produced with varying flavours and palate weight allowing a diverse choice when it came to blending. The wine was made reductively to prevent any oxidation and to ensure that natural flavours of the grapes could be retained.

Oak Maturation: Nil
Fermentation Temp: 14° - 15°C
