in the vineyard : Made from 100% Cabernet Sauvignon grapes from the farm.

about the harvest: For each wine on the farm we select the grapes best suited for the style of wine we would like to produce. Some of our older Cabernet Sauvignon blocks have been known for lots of fruit but lacking in colour intensity we seek in our red wines. These are the blocks we harvest to make our Rose. Freshness and fruit is important for this wine.

in the cellar : After minimum skin contact the wine was cold fermented in stainless steel tanks.
