Rootstock: Richter 99

Orientation: South East Facing

Planted: 1998

Altitude: 110-160m above sea level

Hectare: 4.37 ha

This is the runner up vintage of the highly successful 2012 Pinotage Blanc de but which was produced in limited quantities and also officially qualified as "Estate Wines" as per 2014 vintage. Our 3rd vintage making this exclusive wine on the Aaldering Estate, has produced something very special! Perfectly ripe and top quality grapes were harvested on two separate occasions (3rd February and 5th February).

about the harvest: The blue Pinotage grapes were harvested in early morning. Grapes were bunch sorted by hand, taking care to remove any bunches that were not of the required quality.

in the cellar : Grapes were lightly crushed and pressed. Press fractions were then separated into two fractions namely free run (maximum of 0.4bar) and pressed juice fraction (0.4bar-1.2bar). Juice was settled and then was left to undertake spontaneous fermentation in stainless steel. Post fermentation, the tanks were batton aged twice per week for the first two months (total 6 months lees contact). The wine was then prepared for bottling with protein and tartrate stabilisation occurring prior to bottling, and was filtered with coarse filtration into the bottle.
