

## Nederburg Sauvignon Blanc 2001

Sauvignon Blanc is the most challenging white grape variety - it is unforgiving and intensely rewarding. The 2001 Nederburg Sauvignon Blanc is made in a powerful New World-style, which offers a broad spectrum of flavours and gusty satisfaction. This minimalistic approach to winemaking has created a wine, which covers a full flavour spectrum of herbaceous fragrances, with gooseberry and tropical touches. The wine is intense with fruit and acidity in good balance, resulting in a rich ripe fruit aftertaste. This wine is a perfect companion to rich seafood and creamy fish dishes, chicken, veal, asparagus or any generous white foods.

**variety :** Sauvignon Blanc | Sauvignon Blanc

**winery :** Nederburg Wines

**winemaker :** Andrea Freeborough

**wine of origin :** Coastal

**analysis :** alc : 13.83 % vol   rs : 3.56 g/l   pH : 3.36

**ageing :** It is ready to drink now but has good maturation potential.

**in the vineyard :** The grapes were specially selected from vineyards located in the cool wine growing areas.

**in the cellar :** This wine was made using a reductive method.
