about the harvest:

The Sauvignon Blanc harvest started two weeks earlier than usual, from end-January to early February. Average °B at harvest: 22 balling.

Harvested early in the morning from three vineyard blocks over a two week period to obtain different characteristics.

in the cellar :

Grapes are de-stemmed, chilled and lightly pressed after a short period of skin contact. Racked and inoculated with yeast and then cold-fermented. Left on the fermentation lees (sur lie) for 5 months before bottling to add complexity.
