**in the vineyard :** Grapes were sourced from selected areas vineyards in the Walker Bay and Franschhoek Valley.

**about the harvest:** The grapes were picked at optimal ripeness to ensure the rich ripe flavours Chenin is known for.

**in the cellar :** The grapes were sorted, pressed and then settled. The juice was racked and inoculated with yeast and after doing 50% of the ferment in tank it was transferred to barrel to complete the fermentation. Only French Oak was used of which 20% was new wood and all the barrels are 400 liters so not to overpower the fruit intensity. The wine was then aged on the lees in barrel for 6 months prior to bottling.

Wood maturation: 20% NFO and the rest 2nd and 3rd fill barrels of which all are 400 liter.
