in the vineyard : The grapes were matured on the vines to reach a sugar content of 25-26 balling. The spirit used for fortification was distilled from our organic wine which makes this product a 100% natural organic fortified wine

about the harvest: The grapes were fermented and pressed through in small tanks to reach a natural alcohol of 12%. Then fortified to 18 vol% on the skin and macerated for 2 months. By doing so we could integrate the fruit and have a softening effect on the overall fortified wine.

This non-vintage blend comprises out of three vintages taking the best suited barrels and blended together to produce this Swartland gem.
